# SUNMOON FOOD COMPANY SELECTS NETSUITE'S ERP SYSTEM

The Board of SunMoon Food Company Limited ("SunMoon") wishes to announce that it has selected NetSuite OneWorld, a cloud-based Enterprise Resource Planning (ERP) software, for its ERP needs and to implement solutions that support SunMoon's Network x Geography x Product strategy. The move will help SunMoon manage and optimise its expanding network and geography, and transform from a traditional trading company to a consumer-centric distributor and marketer of branded high quality fruits, vegetables and products.

NetSuite provides a suite of cloud-based financials/ERP and omnichannel commerce software that runs the business of more than 30,000 companies, organisations, and subsidiaries in more than 100 countries.

By order of the Board

Mr Gary Loh Hock Chuan
Executive Chairman

7 September 2016
